# RBI - OFFICIAL REGULATORY DIRECTION
# Master Direction on Information Technology Governance, Cloud and Cyber Incident Reporting

Document ID: DOC_017 | Issuer: RBI | Issue Date: 2025-05-19 | Source: https://www.rbi.org.in/Scripts/BS_ViewMasDirections.aspx?id=12486

## Chapter 1: Operational Compliance Guidelines (DOC_017)

Section 1.1 Regulatory Applicability and Supervisory Scope
This section of Master Direction on Information Technology Governance, Cloud and Cyber Incident Reporting (DOC_017) issued by RBI on 2025-05-19 establishes mandatory internal audit controls, board reporting workflows, and Maker-Checker verification gates across all retail and MSME lending branches. Compliance officers must verify that standard operating procedures are aligned with statutory master directions.

Section 1.2 Record Keeping, Audit Trail and Exception Escalation
Branch operations teams shall maintain immutable digital timestamps in the Loan Origination System (LOS) and Loan Management System (LMS). Any policy deviation or operational exception recorded on Page 1 must be ratified by the Risk Management Committee within 15 working days and preserved for supervisory inspection by RBI examiners.

Section 1.3 Periodic Compliance Testing and Attestation
The concurrent audit unit shall sample at least 10 percent of loan dockets originated during each calendar month to validate adherence to the covenants specified in DOC_017.

## Chapter 2: Operational Compliance Guidelines (DOC_017)

Section 2.1 Regulatory Applicability and Supervisory Scope

This section of Master Direction on Information Technology Governance, Cloud and Cyber Incident Reporting (DOC_017) issued by RBI on 2025-05-19 establishes mandatory internal audit controls, board reporting workflows, and Maker-Checker verification gates across all retail and MSME lending branches. Compliance officers must verify that standard operating procedures are aligned with statutory master directions.

Section 2.2 Record Keeping, Audit Trail and Exception Escalation

Branch operations teams shall maintain immutable digital timestamps in the Loan Origination System (LOS) and Loan Management System (LMS). Any policy deviation or operational exception recorded on Page 2 must be ratified by the Risk Management Committee within 15 working days and preserved for supervisory inspection by RBI examiners.

Section 2.3 Periodic Compliance Testing and Attestation

The concurrent audit unit shall sample at least 10 percent of loan dockets originated during each calendar month to validate adherence to the covenants specified in DOC_017.

## Chapter 3: Operational Compliance Guidelines (DOC_017)

Section 3.1 Regulatory Applicability and Supervisory Scope

This section of Master Direction on Information Technology Governance, Cloud and Cyber Incident Reporting (DOC_017) issued by RBI on 2025-05-19 establishes mandatory internal audit controls, board reporting workflows, and Maker-Checker verification gates across all retail and MSME lending branches. Compliance officers must verify that standard operating procedures are aligned with statutory master directions.

Section 3.2 Record Keeping, Audit Trail and Exception Escalation

Branch operations teams shall maintain immutable digital timestamps in the Loan Origination System (LOS) and Loan Management System (LMS). Any policy deviation or operational exception recorded on Page 3 must be ratified by the Risk Management Committee within 15 working days and preserved for supervisory inspection by RBI examiners.

Section 3.3 Periodic Compliance Testing and Attestation

The concurrent audit unit shall sample at least 10 percent of loan dockets originated during each calendar month to validate adherence to the covenants specified in DOC_017.

## Section 4: 6-Hour Cyber Incident Reporting Mandate and Data Localization

4.1 Six-Hour Cyber Security Incident Escalation Window
In the event of any unusual cyber security incident, ransomware intrusion, unauthorized API scraping, or data leak (whether successful or attempted), the Regulated Entity shall report the incident to RBI CSITE Cell and CERT-In within 6 hours of detection.

4.2 Sovereign Storage of Payment and Core Lending Logs
All system logs, customer KYC records, and end-to-end payment transaction databases generated by cloud-hosted Loan Management Systems (LMS) shall be stored exclusively on servers physically located within the territorial boundaries of India. Cross-border processing for analytics requires anonymization and completed replication back to India within 24 hours.

## Chapter 5: Operational Compliance Guidelines (DOC_017)

Section 5.1 Regulatory Applicability and Supervisory Scope

This section of Master Direction on Information Technology Governance, Cloud and Cyber Incident Reporting (DOC_017) issued by RBI on 2025-05-19 establishes mandatory internal audit controls, board reporting workflows, and Maker-Checker verification gates across all retail and MSME lending branches. Compliance officers must verify that standard operating procedures are aligned with statutory master directions.

Section 5.2 Record Keeping, Audit Trail and Exception Escalation

Branch operations teams shall maintain immutable digital timestamps in the Loan Origination System (LOS) and Loan Management System (LMS). Any policy deviation or operational exception recorded on Page 5 must be ratified by the Risk Management Committee within 15 working days and preserved for supervisory inspection by RBI examiners.

Section 5.3 Periodic Compliance Testing and Attestation

The concurrent audit unit shall sample at least 10 percent of loan dockets originated during each calendar month to validate adherence to the covenants specified in DOC_017.

## Chapter 6: Operational Compliance Guidelines (DOC_017)

Section 6.1 Regulatory Applicability and Supervisory Scope

This section of Master Direction on Information Technology Governance, Cloud and Cyber Incident Reporting (DOC_017) issued by RBI on 2025-05-19 establishes mandatory internal audit controls, board reporting workflows, and Maker-Checker verification gates across all retail and MSME lending branches. Compliance officers must verify that standard operating procedures are aligned with statutory master directions.

Section 6.2 Record Keeping, Audit Trail and Exception Escalation

Branch operations teams shall maintain immutable digital timestamps in the Loan Origination System (LOS) and Loan Management System (LMS). Any policy deviation or operational exception recorded on Page 6 must be ratified by the Risk Management Committee within 15 working days and preserved for supervisory inspection by RBI examiners.

Section 6.3 Periodic Compliance Testing and Attestation

The concurrent audit unit shall sample at least 10 percent of loan dockets originated during each calendar month to validate adherence to the covenants specified in DOC_017.
