Chapter 1: Operational Compliance Guidelines (DOC_021)

Section 2: 24-Hour Pre-Debit Notification and Maximum Re-Presentation Attempts

2.1 Mandatory 24-Hour Pre-Debit Intimation
Sponsor Banks and NBFC corporate billers must send an automated pre-debit notification via SMS/email to the borrower at least 24 hours prior to presenting a NACH or UPI Autopay mandate debit, clearly stating the loan account number, debit date, and exact EMI amount.

2.2 Cap on Repeated Presentation of Dishonoured Mandates
For any single billing cycle where a NACH mandate returns unpaid due to 'Insufficient Funds', the lender shall not re-present the same EMI instruction more than 3 times within that calendar month to prevent cascading bank return charges on the borrower.
